JP – done training sessions, organised and worked with LW to run equipment maintenance talk. *Tried* to organise a training session with Vlada for Saturday

LC – sent off all details about new exec to LUSU and helped hand out hoodies

JW – added score from UCLAN friendly competition to website. Posted about socials. Added to resources on website

AP – ordered duct tape and super glue and handed it in

LW – ran equipment maintenance talk with JP. Rebanded some bosses

AF – social on Friday was a success. LW found dart faces – going to run dart archery social/game on Friday

TM – made a post asking people to check their AGB membership as a few people didn't have it on Friday

SB – signatories are being processed with the bank

BUCS

LC – made a gc with everyone going. The applications are done just need to chase the people to approve it

JP – happy to drive people to BUCS. Going to check with SB that they can get reimbursed for fuel

Peter has got a hotel room and the rest are going to stay over in that hotel

JW – will make some posts about it. Please remember to take pictures

Bosses

DH – indoor eros bosses are difficult to repack and reband. They are easier to set up if you know how to set them up, but can be difficult and dangerous for the beginners

JP – we can phase them out, don't just need to throw them away

However, they take up less space than regular bosses

Going to try and salvage what we can from them when they start to deteriorate

Any other business

LC – need to move the regular meeting day away from Friday

JP – we are sending a team of 3 to Eccles shoot a double 720. Ptrevor will be in attendance. Want to claim money back for travel to Eccles shoot

Meeting adjourned – 5.50pm
